Actual Patient

Have you dreamed of having straight teeth but didn't think you could afford it?

Did you wear traditional braces as a teenager and now your teeth are crooked again?

Does the thought of having a mouth full of metal deter you from even asking about straightening your teeth?

Dr. Ruffino can help you achieve a straight and beautiful smile without the metal and make it affordable to you. Dr. Ruffino has been treating Invisalign cases for over 10 years.

Invisalign® takes a modern approach to straightening teeth, using a custom-made series of aligners created for you and only you. These aligner trays are made of smooth, comfortable and virtually invisible plastic that you wear over your teeth. Wearing the aligners will gradually and gently shift your teeth into place, based on the exact movements Dr. Ruffino plans out for you. There are no metal brackets to attach and no wires to tighten. You just pop in a new set of aligners approximately every two weeks, until your treatment is complete. You'll achieve a great smile with little interference in your daily life. The best part about the whole process is that most people won't even know you're straightening your teeth.

END OF THE YEAR INVISALIGN SPECIAL

Patients that start their Invisalign treatment from October 1st through December 31st, will be entered into a drawing for a free Invisalign case. One lucky winner will be chosen after the first of the year. If you already paid for your treatment your money will be reimbursed. Now's the best time of year to take advantage of any unused flex spending money or insurance benefits you have remaining. Remember the money does not roll over to next year so if you don't use it you lose it.

For all Invisalign cases when you put \$1,000 down on your treatment Dr. Ruffino will match that and an additional \$1,000 will be credited toward your account.

10% OFF ALL PREVIOUS BALANCES

Pay your balance off by December 31st and receive a 10% discount. Call us to ask what your balance would be if you take advantage of this offer. You can mail your payment in or call us to pay it over the phone. This offer is only good toward previous balances, no new services and good until December 31st, 2015.

Our Facebook Contest Continues

Congratulations to Renne C. who won the last \$400 Visa gift card. Our next drawing will be held in December for another \$400 Visa gift card. Just like us on Facebook and you will be entered. All previous likes will also be entered again. Spread the word to your friends and family that may not be patients in our office. If one of them happens to win the \$400 you will win \$100 Visa gift card. Good Luck!

PATIENT REFERRAL PROGRAM

We are reinstating our patient referral program!

At your next visit please ask for some patient referral credit cards. These cards entitle the new patient to \$50.00 off of any co-pay after insurance has paid or cosmetic treatment. You write your name on the back of the card and once that patient comes in we will send you a \$25 gift card. The continued support and trust our patients place in us is the best compliment we could ask for.

FREE BLEACH FOR LIFE!

**Introducing our new
teeth whitening pro-
gram: Ask your dental
hygienist about the
details!**

For \$200.00 your hygienist will take impressions to make you take home teeth whitening trays. Then schedule your six month appointment, if you do not reschedule, cancel or miss that appointment you will receive a free tube of bleach for the trays you already have. If you happen to reschedule, you will forfeit your free tube for that six month period and it will pick back up at the following visit providing you keep that appointment. With this teeth whitening system you initially wear the trays twice a day for fifteen minutes for five consecutive days. Touch ups every six months can be for 2-3 days as needed. Whitening your teeth has never been so affordable. Call today to schedule your cleaning appointment.
